PROJECTS

HOSTEL LATECOMER MONITORING SYSTEM

[II Link](#)

December 24- January 2025

Developed a Python-based system to track and manage hostel latecomers .It follows a three-strike rule:

First Offense: Sends a warning email to the student.

Second Offense: Notifies the student's parents via email.

Third Offense: Automatically adds a 3000 fine to the students hostel fees.

The project utilizes SQLite for database management and SMTP to automate email notifications.
